EDUCATION

University of Minnesota - Twin Cities | M. A. in Industrial-Organizational Psychology Sep. 2021 - Jan. 2025

GPA: 3.67 / 4.0

University of California, Riverside | B. A. in Psychology Sep. 2018 - Jun. 2020

GPA: 3.96 / 4.0 | Graduated with University Honors Summa Cum Laude

PROFESSIONAL EXPERIENCE

Volunteer Engagement Manager | MORE Social Services & Empowerment Saint Paul, MN | Nov. 2024 - Present

- Refined onboarding processes, achieving a significant reduction in onboarding errors within three months.
- Developed volunteer evaluation frameworks, increasing retention by 15% through feedback and recognition initiatives.
- Designed and implemented recruitment campaigns to attract talent, ensuring alignment with organizational culture and goals.
- Redesigned the selection process, integrating structured assessments that substantially increased hiring efficiency.
- Designed and administered volunteer engagement surveys, leveraging insights to enhance engagement strategies.
- Applied ADKAR and Kotter's 8-Step Change Model to enhance volunteer engagement strategies.

Lead Researcher | University of Minnesota Twin Cities, MN | Sep. 2021 - Jan. 2025

- Managed and transformed large datasets, ensuring quality for validation studies and survey analyses.
- Designed and deployed surveys for three large-scale research studies, successfully gathering data from 600-800 participants total to inform organizational strategies.
- Conducted research on AI in selection, delivering expert insights to optimize hiring practices and drive organizational performance and innovation.
- Built predictive models (e.g., decision trees) using R and Python to identify trends and performance outcomes.
- Utilized SQL and scripting languages to analyze both structured and unstructured data.
- Leveraged proficiency in R to perform various descriptive and inferential statistics techniques, including regression, structural equation modeling, factor analysis, and more, enabling effective hypothesis testing and the successful translation of data into publishable narratives at all levels.
- Developed data storytelling briefings, reports, and dashboards using tools such as Tableau and Google Slides, transforming complex data into actionable insights.
- Collaborated on a comprehensive meta-analysis on team composition, providing insights that guide effective team assembly and leadership approaches in collaborative environments.
- Designed and validated a psychometric scale to measure pre-crastination, developed innovative assessment tools.
- Led multiple research projects, managing timelines and deliverables to ensure alignment with conference submission goals.
- Developed and implemented standardized data analysis protocols and validation processes, significantly enhancing data accuracy, reproducibility, and efficiency.

Instructor & Teaching Assistant | University of Minnesota Twin Cities, MN | Aug. 2021 - Dec. 2024

- Taught 10+ college-level courses across in-person and virtual formats, earning consistently high evaluation ratings (4+ out of 6).
- Designed and delivered course content, including presentations, assessments, and activities, ensuring alignment with learning objectives and knowledge retention.
- Utilized LMS platforms (Canvas, Moodle) to manage course materials, track progress, and assess learner performance.
- Led group discussions and workshops on team building and leadership development, helping students translate workplace theories into actionable research projects.
- Provided academic support and guidance to undergraduate students, mentoring them on research methodologies, data collection, and statistical analysis.
- Conducted learning evaluations through quizzes, surveys, and discussions, analyzing feedback to improve instructional effectiveness.

Consumer Insights Analyst | Oadeer Home Los Angeles, CA | Nov. 2020 - Jul. 2021

- Designed and launched customer satisfaction surveys to gather data and generate insights for product improvement.
- Developed reports and dashboards that informed retention strategies, contributing to a 15% increase in customer retention rates.
- Independently managed data collection and analysis, improving customer experience and aligning strategies with market trends.
- Collaborated closely with team members to address customer-related data challenges.
- Partnered with cross-functional teams to align data insights with business goals, leading to a 10% increase in sales conversions.
- Conducted in-depth market research, aligning customer insights with strategic objectives.
- Worked closely with cross-functional teams to align change initiatives with customer expectations, ensuring seamless transitions and improving service delivery during organizational transformations.
- Presented customer insights to leadership teams, facilitating data-driven decision-making and driving continuous improvement initiatives in customer-facing processes.

Business Intelligence Analyst | Woocoo Inc

Los Angeles, CA | Nov. 2016 - Jul. 2018

- Implemented data validation protocols, reducing errors in HR analytics reports by 20%, improving workforce planning accuracy.
- Developed and managed people analytics dashboards in Workday to track talent trends and monitor key HR metrics (e.g., absenteeism rates).
- Designed interactive dashboards in Power BI to track key business KPIs, improving data-driven decision-making.
- Managed and cleaned large datasets (10K+ records), ensuring data integrity and accuracy, which significantly increased reporting reliability.
- Built ETL pipelines to automate data ingestion from multiple sources, improving data accuracy and efficiency.
- Leveraged data insights and feedback loops to monitor progress and optimize change implementation strategies.
- Utilized data analytics to measure change adoption and drive continuous improvement.
- Conducted advanced statistical analyses to evaluate the impact of change initiatives.
- Developed and implemented feedback loops to track employee engagement and measure the impact of change efforts, reducing implementation resistance and accelerating adoption by 10%.
- Led data-driven change initiatives by analyzing organizational readiness and adoption trends.

PROFESSIONAL SKILLS

Technical Platforms: R, Python, SQL, Qualtrics, Google Business Suite, Microsoft Office Suite, Power BI, Tableau, Asana, Trello
Analytical Skills: Data Visualization & Analysis; Machine Learning & Predictive Modeling, Quantitative and Qualitative Research
Advanced Statistical Skills: Correlation, T-test, Chi-square Tests, Regressions, ANOVA, Multilevel Modeling, Structural Equation Modeling, Factor Analysis
Assessment: Survey Design; Psychometric Scale Development and Measurement
Multilingual: English, Mandarin, Cantonese, Spanish
Change Management: Change Implementation, Change Adoption & Resistance Management
Organizational Diagnostics & Assessment: Organizational Needs Assessment, Employee Surveys & Feedback Analysis
Training & Development: Training Program Design, Learning & Development Strategy

CERTIFICATES

Change Management Specialist (Management and Strategy Institute)	08/26/2024
Corporate Leadership Certificate (Management and Strategy Institute)	09/12/2024
